EVANGELIST BILLY SUNDAY MAY COME

The committee appointed to interview "Billy" Sunday to see whether he cannot be persuaded to come to this section, went down to Wheeling to see and hear him yesterday and returned this noon. The committee consists of J. E. Newcomer and W. S. Moore from Monessen and J. D. Berryman and Dr C. C. Wright from Charleroi. They heard him both afternoon and evening and are more enthusiastic in their efforts to get him to come to this section than ever, and are confident he will come if people generally are really "dead in earnest" to get him.

Though Sunday did not give the committee a definite promise that he would come here, the entire committee are jubilant over the encouragement they received from him. Mr. Sunday stated his preference to work in this section but now has to go away out to Fargo, Dakota to keep a promise he had made. Inasmuch as he is booked for more than two years ahead and the work is developing to such an extent that he cannot tell what the future has in store, he is adverse to making any definite promise at this time.

The committee forced him to give them an audience which he reluctantly did just before the evening service, holding the large audience of 8,000 to talk with them. The people of Wheeling are loud in their praise of the good he is doing and the committee report that the evening service was the best religious meeting they ever attended As an object-lesson of his work they saw more than 250 earnest men and women "hit the saw-dust trail," or walked down the aisles to give Sunday their hands as a public evidence of the pledge they had made their God to live Christian lives.

The meeting is not characterized by any undue excitement but deep earnest religious fervor and the set determined expressions of those who came forward manifested the greatest earnestness. The Odd Fellows' lodges attended as a body of 1,000 strong led by a band and the plumed knights of Moundsville in full regalia. When the invitation to accept Christ was given fully 100 members of these lodges and the ladies auxiliary, the Rebeccas, came forward. The officers of the different lodges took the lead and the committee say it was inspiring to see these men in full lodge uniform come forward amid the loud hand-clapping and stirring music of the large choir. Rev. Sunday comes to Beaver Falls in June and the committee plan to secure, if possible, a special train to take a large delegation from this section to hear him and to follow up and strengthen their appeals to get him to come here. All persons interested are urged to plan to take advantage of this opportunity to hear Sunday.

PERPETRATORS OF ROBBERIES CAUGHT

Since a few weeks back several pick pockets and petty thieves have been operating at McKeesport and it is thought at several other places along the P. & L. E. railroad. This informaton came to light yesterday when railroad detectives, Felix and Dugan were interviewed while in town looking for one of the guilty men who was thought to be here.

One day last week, John Hudnick, a Slav, of this place was robbed of a large sum of money while in the McKeesport station for a train to Monessen. On Tuesday, one of the thieves was apprehended but the other one is still at large although his arrest is expected to follow shortly. The man in the custody of the police at McKeesport is John Dosky. He was given a preliminary hearing and sent to the County Jail at Pittsburgh to await trial.

The railroad people are determined to stamp out these gangs which have been operating at their different stations and there is every evidence so far that they are making good headway by the cessation of the robberies.

CONTRACTOR EXPECTS TO FINISH BY AUGUST

Contracter Erbeck who is building the brick road leading from Monessen to Rostraver township has started work after several months suspension on account of bad weather. The dirt is flying along the old road and it is the intention to finish all the grading as soon as possible and proceed with the completion of the contract. By August the contractor expects to have the road ready for travel.

The Burgess Objects to Political Cards

Burgess Daniel Reamer is after the candidates. During a campaign it is customary to smear all the poles and public places in the town with campaign cards. These cards are not classed by the burgess as obscene literature but they do detract from the general appearance of the town and in order to make it a certainty that they will be taken down after the election is over the burgess from now on will make it mandatory that each candidate take out a license with the borough granting the privilege to tack up signs throughout the corporate limits. This privilege will cost each fellow a $5.00 bill and after the storm is over the cards will be removed at the expense of the candidate and the balance of the money will be returned to the said gentleman who has made use of this kind of advertising. Mr. Reamer says there will be no difference made in the size of card or the intelligence of the face on it.

Cannon Lecture Was Good

In spite of the inclement weather of last evening a large crowd was on hand to hear Hon. Frank J. Cannon deliver his lecture on the "Modern Mormon Kingdom." Mr. Cannon told some very interesting facts concerning "Mormonism" and his lecture was thoroughly enjoyed by his hearers.

Council Agrees On Tax Levy For the Year

An adjourned session of council was held last evening with the following members present: Pres. Stevens, Duvall, Dale, Cheesebrough and Wilson and the tax rate for borough purposes for the current year was set and an ordinance covering the matter passed.

The rate for this year is 11 mills which is the same as the rate for 1911. It is distributed as follows: 4½ mills for the redemption of bonds that will become due during the year; ¼ mills for the opening and construction of a street to the river; ¼ mills for Park and Playgrounds and 6 mills for all the expenses of the Borough such as expenses for light and water, the reparing of streets, alleys and sewers, grading, salary of Borough officers and employees and all other general expenses.

This was practically all that the council did at the meeting and adjournment to the regular date of meeting on the first Thursday in April followed. At this meeting the Independent Telephone ordinance will come up for it's third and final reading and much interest is being manifested over the outcome of the council's actions in this matter.

FESTIVAL OF DAYS IN KELLY'S HALL

The Ladies' Aid Society of the Presbyterian church will hold what will be known as "A Festival of Days," on Friday and Saturday evenings of this week in Kelly's hall on Donner avenue. Booths, in which candy, pastry, fancy work, jellies and canned fruits and common sense articles will be on sale, have been erected and have been decorated with colors to correspond with the seasons which they represent.

There will be music by an orchestra during afternoons and evenings and a good time is in store for all who attend. The committees have left no stone unturned in their efforts to make the affair a success. The barrels given out during the year will be opened on Saturday evening at 9 o'clock and a report will be made on them at that time.

Luna Restaurant Changes Hands

Beginning with April 1, the Luna restaurant will be under new management and will be closed for a week or ten days for repairs and a remodeling of the interior. Following this the reopening will be held at which time those looking for excellent cuisine service will make no mistake by visiting this place. Gust Sainis of Elkins, W. Va., has taken over the place and his ability as a restaurateur is of the best he being the proprietor of restaurants at Elkins and Piedmont in West Virginia and Salisbury, N. C., at which places he has made a big success in the business. 1t

Notice to Creditors

All creditors of the Luna restaurant are hereby notified to present all claims for adjustment before April 1.

STREET CAR LINE IS INCONVENIENCED

There is trouble on the street car line between Monessen and Belle Vernon. The recent heavy rains have caused immense volumns of dirt to break loose and slide down on the tracks.

A corps of men have been at work for some time removing it but at one or two places the tracks threaten to give way. This has caused the company no end of annoyance and expense and while trafic on the street car line has not been impeded the township road leading along the tracks has been closed tight from travel. There is now no way left to get to Belle Vernon or up the river by team except to go over the Foundry hill or through Charleroi.

FIRST STRAW HAT OFTHE SEASON

Monessen is rated as an up to date city but it took a citizen from the neighboring village of Gallatin to come into town all decked out in a straw hat, the season's first, and without the least bit of opposition or trouble cop all the ante season style honors before any of our young swells could "beat him to it."

We have murders, fires, suicides, explosions, run aways and almost every other known form of peace disturbing elements but never in our history has such a shocking abuse of the season occured, and some of our best informed citizens were of the opinion that the gentleman in question was probably a model for some of the large hat establishments but this report has been found erroneous.

The Burgess was finally called in and was unable to find any law which would cover the case when suddenly, one of the policemen bethought himself that he had helped the fellow into the lockup for being drunk and the matter was settled by assessing a fine and the costs on the offender.

STAUDENMAYER LAD MEETS WITH ACCIDENT

Yesterday afternoon about 4 o'clock, Edward the fifteen year old son of John Staudenmayer met with a peculiarly painful accident in the rear of his father's establishment on Schoonmaker avenue between Second and Third streets while attempting to crank the delivery truck belongoing to Greer Bros.

Ira Frye, the driver of the machine, was delivering an order in the rear of one of the business houses and had left the machine standing with the spark plug out. The Staudenmayer boy happened along and tried to crank the machine and lifted the crank almost half way around when it flew back and struck with full force on his right wrist, breaking the bone and paralyzing his arm for the time. He was taken to his home where his injuries were dressed.

This accident should serve as a warning to the young boys who have a habit of tampering with the machines, that are left standing on the streets, to leave them alone A much more serious accident might have occurred if the spark plug had been in place. The machine might probably have started and the boy's body been crushed beneath the heavy truck

Basket Ball Game Tonght

This evening at the Christian church Gym a basket ball game will be played between the Young Men's Brotherhood team and a picked team from the Church League of Donora. The game promises to be a good one and every indication is that a large number of fans will be on hand to witness the affair which will be called promptly at 8:30. The locals have reached an almost perfect state in their practices and although defeated in the last game with the Donora boys, are determined to reverse matters this time. An admission of ten cents will be charged to help defray the expenses of the visiting team.

Some Memories of the Past

Those who have lived about Monessen the longest have the most vivid memory of the hardships that have been experienced during the past dozen years or so, or since the plat was first laid off into lots and the word went out along the valley that a great mill town was to be built. Of course then some believed and had faith in the assertion while many scoffed and said, "Oh it's just another of those mushroom towns, like many others, which have sprung up, lived for a day, and vanished." But today the town speaks for itself, and people returning to this valley today, who left it a few years ago are struck dumb, as it were, when they gaze upon what has been done, and that in seemingly so short a time. Twelve years ago, where Monessen now stands was nothing but meadow lands and orchards, and even yet, here and there may be seen traces of old land marks, such as bits of orchard, here and there an old oak tree, and the like, but they are all disappearing and that rapidly—the last only a few days ago, the large and mighty oaks which were cut down and carted away off the plat of ground just below Sixth street hill, above the Catholic church. After the break for a town was made came the trials for the people who first came here and made up their minds to stick, no matter what the hardships might be. At first there were no sidewalks—not even boards thrown to walk on and after work was begun on the mills and foundations were started for houses, the second stage was worse than the first. Mud, well mud was no name for it. Everybody simply had to wade, and it was almost impossible for women and children to get from one point of town to another. Teams—horses and wagons used for hauling building material would sink into the mud to the wagon hub and past the horses' knees and scarcely a half load could be hauled.

Later on, sewers were laid, thus draining the town to a certain degree, pavements were laid in sections, and it became a bit better, especially down along Donner and Schoonmaker avenue, but after two years, even, it was almost impossible to determine whether there were sidewalks or not, so thick was the clay, sticky mud carried from the hill district. Paved street followed, but the mud still came down from the hill top—carried on people's shoes, by horses, wagons, and washed down by the heavy rains, until strangers some times thought we had no paved streets, and at any rate Monessen was declared the "muddiest hole on earth." Women, not the foreign or lower classes alone, but the very best and most respectable could be seen at any time on the streets wearing gum boots, more especially those who came from the hill or outlying districts, and nothing was thought of it. In fact the women were respected for it.

But vast strides have been taken since then. A more perfect sewerage system, streets paved even to the outlying districts, clay banks elimenated or graded back so that there is but very little bother from washing, a through modern and complete water system has been established and by the convenient placing of water plugs the streets can be frequently flushed and as a rule, we have as nearly a clean town today as is to be found anywhere, regardless of the irregular topography or hilly conditions. Just a few days ago in talking with a lady who in the early history of the town we frequently noticed on our streets wearing rubber boots and a gum coat, plodding through the mud and slush in all independence and carefree pride, but today that same lady would feel disgraced to be placed in similar circumstances.

Hence our town has advanced to the point almost of being a city, and a sense of pride has taken possession of the pioneer people who roughed it, for a time that they might enjoy life as it is today—conveninces of all modern types, having followed in the footsteps of the crude rough conditions which were met and heroically overcome by the men and women who had the determination to stick to it through the thick and the thin, and are today the sinew, the back bone and the main stay of the best mill town along the Monongahela valley.

Mr. Robbins For Congress

All indications point to rousing support for E. E. Robbns, candidate for congress in the Twenty-second congressional district, at the primaries on April 13. There is every reason to believe that not only in his native county, where he stands high in his profession and in the confidence of the people, but in Butler county, he will be the choice of the Republican party.

With the qualifications necessary for a congressman, from a district with as many important interests as the one composed of Butler and Westmoreland counties, Mr. Robbins is amply fitted. His success in his profession at home, the demand for his services elsewhere in the state and outside the boundaries of this commonwealth and his versatility on the great questions of national importance are assets that cannot be gainsaid.

The concensus of opinion up until a few weeks ago by many of those conversant with politics in both counties in the district, was that Mr. Robbins should be given the nomination without opposition. His fidelity to the party interests in Westmoreland county in the past has been such that he has always showed deference in his personal desires that party unity might be conserved. In Butler county it was the desire of many of the prominent leaders to endorse Mr. Robbins. His fair view of the rights of the sister county, leaves no room for conjecture there. The Butler county vote will be the best indication of the esteem in which the local attorney is held by his neighbors.

In Mr. Robbins' campaign, the sincerity of some of those who have been given strong and undivided support in the past by the Republican party, will be tested. Their future in politics in Westmoreland county will largely depend upon the proof of whether party loyalty in the past has been nurtured purely for personal, selfish gain, or whether they are real Republicans at heart.

The assurance that comes from all the important precincts in the county, supplemented by the strong endorsement that has been given Mr. Robbins by the Republicans of Butler county, leaves little room for doubt as to the result at the coming primaries. Greensburg Morning Review.

Keep The Kidneys Well
Health is Worth Saving, and Some Monessen People Know How to Save it
Many Monessen people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger. Use Doan's Kidney Pills—a remedy that has cured thousands of kidney sufferers.
The following statement leaves no ground for doubt.
Charles Conaghan, Market street, Belle Vernon, Pa., says: "My work required me to stoop over much of the time and I think this was the cause of my kidney trouble. My back was so stiff and sore that I could hardly get out of bed in the morning. My limbs were also lame and I was annoyed by too frequent passages of the kidney secretions. Having heard of Doan's Kidney Pills I obtained a box and had taken but a few doses before I noticed improvement. In a few days the soreness had left my back and I felt better, in every way. I am only too glad to recommend Doan's Kidney Pills."

News Notes of Society

The announcement has been made of the marriage of Miss Ida Larmoux and Clinton Manown recently. The wedding was quietly performed owing to the recent death of Mr. Manown's mother. The young couple will reside here. The bride is a well known and accomplished young lady, and is prominent in the social circles of the town. The groom is well known locally and is very popular both in athletic and social circles. He is captain-elect of the All-Star football team and played on last year's champion team of the Church league.

FOOT RACE AT THE DONORA RINK

On Thursday, April 4, a one mile amateur foot race will be held at Donora in the Skating Rink. The event promises to be one of the most successful affairs of it's kind ever held and a large number of entries are already in. Handsome gold and silver medals will be awarded the winners. Persons wishing to enter should send their names to Manager J. Davenport at Donora as soon as possible. The race is open to amateurs of all ages and it is understood that a large number of local runners are to be entered in this race. The M. A. A. might possibly enter several of their men although this has not been definitely decided yet.

Negro Starts Trouble on Car

Belle Vernon was stirred up the other day when a burly negro carrying a varied assortment of heavy artillery boarded a Monessen street car near the outskirts of the town and it is said tendered the conductor a lead bullet as fare. This caused an argument with the conductor and it is understood that the negro threatened to clear the car, and residents along the car line were treated to a rare spectacle. When the car reached Second and Main streets, several of Belle Vernon's "finest" were on deck and they escorted the obstreporous gentleman to the lock up at that place. Here his name was entered on the records as Joseph Ferris, and a charge of carrying concealed weapons was preferred against him. He was given a hearing yesterday and sent to Greensburg to await trial at the next term of court.

LANDSLIDE TIES UP STREET CARS

Traffic on the Pittsburgh-Charleroi branch of the Pittsburgh Railways Co., was delayed all Tuesday morning and the schedules for the remainder of the day were demoralized owing to a landslide near Clendenning, just this side of Monongahela.

The slide occurred during the preceding night and covered the tracks for some distance with almost three feet of rock and mud. Several large telephone poles in the path of the slide were torn down and the high tension wires carried on these were torn down also, which made matters worse, and disabled the power supply for some time.

Workmen at once got busy on the scene of the slide and the debris was cleared up shortly before noon. The passengers were transferred at this point before the through schedule was resumed.

All Prospects Are For Good

Reports from the farmers who are coming in here from the surrounding country during the last few days augur well for a most prosperous season in farm products. The cold hard winter has been a great boon to the fruit farms as it has kept the buds from blossoming out until spring set in in earnest.

From now on, all that is needed to assure a good season is plenty of rainfall and nice weather. According to the Almanac and other weather prophets all this is said to be coming just as though ordered and as a result the farmers are beginning to make preparations for one of the biggest bumper crops ever.

New roads are being asked for in this vicinty and in many places improved and Monessen, this summer will be much easier to gain access to than in years before and the housewife will be able to buy her vegetables direct from the farmer, something which it has been her lot to experience but seldom before.

ABILITY COMES WITH BEAUTY

The ability, the attainments and personality of Madame Hughes-Thomas the conductor of the Royal Welsh Ladies' Choir which will appear here on next Tuesday evening, are qualities that have been seldom possessed by a lady of any nationality. She is an artist, a genius and a valiant daughter of Wales and one who is held in great respect by her many countrymen. The nineteen members of the choir are every one artists and are beautiful not only in their vocal attributes but also in their appearance. The choir appeared last evening in Pittsburgh and to say that they pleased an immense audience would be putting it rather mild for they literally took the house by storm and were encored time and time again. Tickets on sale tomorrow at the M. and B. confectionery and the prices are 50, 75 and $1.00.

Read About These Three Girls. How Sick They Were and How Their Health Was Restored by Lydia E. Pinkham's Vegetable Compound.

Appleton, Wis.—"I take pleasure in writing you an account of my sickness. I told a friend of mine how I felt and she said I had female trouble and advised me to use Lydia E. Pinkham's Vegetable Compound, as she had taken it herself for the same trouble with wonderful results. I had been sickly for two years and overworked myself, and had such bad feelings every month that I could hardly walk for pain. I was very nervous and easily tired out and could not sleep nights. I had dizzy spells, and pimples came on my face. But I have taken your Lydia E. Pinkham's Vegetable Compound and it has restored my health. I think it is the best medicine in existence."—Miss CECILIA M. BAUER, 1161 Lawrence St., Appleton, Wis.

A SCHOOL TEACHER'S GRATITUDE:

Geneva, Iowa.—"I have been teaching school for some years and I have neglected my health because I was too busy with my work to attend to myself properly. I suffered greatly every month and was on the verge of a nervous breakdown.

"I wrote to you about my condition and took Lydia E. Pinkham's Vegetable Compound and the Blood Purifier as you recommended. These remedies have done wonders for me and I can highly and widely recommend them to every suffering woman."—Miss MINNIE SHAVER, R. F. D. No. 1, Geneva, Iowa, c/o Sam Erickson.

A COLORADO GIRL'S CASE:

Montrose, Col.—"I was troubled very much with irregular periods. Sometimes two months would elapse. I suffered severe headache, was weak and nervous, could eat scarcely anything.

"I took both Lydia E. Pinkham's Vegetable Compound and Blood Purifier and the result was wonderful. I feel like another person.

"I think your remedies are the best on earth and cannot express my thankfulness to you for what they have done to me. I help my neighbors when they are sick, and I shall always recommend your medicines."—Miss ELLA MCCANDLESS, Montrose, Col.

Is it not reasonable to suppose that a medicine that did so much for these girls will benefit any other girl who is suffering with the same troubles?

Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there are lots of proof that it will do you much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself who will not try this famous medicine, made from roots and herbs, it has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.
